

Specializing in Marine Piling & Timbers for Construction and Industrial Use

Headquartered in Tigard, Oregon, Bridgewell is a global wholesale distributor and trading company serving retailers, manufacturers, and other customers with a wide range of value-added services and products in four markets: food products, agricultural products, wood products and utility & construction products.

Bridgewell's Construction team serves the needs of marine contractors, steamship companies, railroads, construction contractors, industrial businesses and municipalities. We offer foundation and marine piling & timbers that meet the strictest industry standards, ensuring you receive a premium product. Our offerings include sizes of 20' - 120' steel or wood in three treatment options: CCA, ACZA and Creosote.
