

Specializing in Railroad Ties

Headquartered in Tigard, Oregon, Bridgewell is a global wholesale distributor and trading company serving retailers, manufacturers and other customers with a wide range of value-added services and products in food & agricultural products, utility & construction and wood products.

Our Construction Division specializes in bringing you quality products to serve the needs of Class I railroads, short lines, municipalities and contractors. Our product line includes new AREMA grade as well as industrial-grade cross ties, switch ties, relay ties, road crossings, bridge timbers and custom cutting and treating of lumber and timbers.

Our cut and treated ties come from strategically-located mills and treating plants throughout the U.S and Canada. We offer a selection of shipment services to ensure our products reach you when you need them.

WE OFFER:

- New AREMA grade
- New Industrial grade
- 100% oak, mixed hardwood and softwood ranging in 6"x8", 7"x8" and 7"x9" widths, with lengths up to 26' with or without end plates
- Standard switch tie sets ranging in lengths from 9'x17'
- Creosote treatment and alternate treatments (ie. copper naphthenate and ACZA)
- Custom cutting and treating for bridge timbers and crossings
- Customized fabrication
- Treated and untreated timbers

WHY CHOOSE US:

- Availability - Emergency and off-hour delivery options
- Convenience - Personal service with a single point of contact
- Flexibility - multiple shipment options
- Knowledge - proven product expertise
- Reliability - full in-house logistics management
- Speed - Strategically-located inventory locations
