Wholesale Distribution and Trading

BRIDGEWELL
RESOURCES™

Bridgewell Resources is a premier supplier of domestic and international hardwood and softwood products to industrial and OEM markets. We serve manufacturers of cabinets, furniture, doors, windows and millwork, as well as the construction and remodeling industries. To simplify your operations, our services include mixed-size loads, custom cutting and treating of timbers, custom fabrication, vendor-managed inventory and paperless transactions. With strategic reload sites across the U.S. and internationally, we can easily accommodate your operational needs with just-in-time delivery, job-site delivery, carload and truckload deliveries and emergency delivery services. Environmentally friendly options including FSC or SFI certified products.

WOOD PRODUCTS

PANELS

We offer an extensive selection of domestic and import structural panels for use in single- and multi-family construction and industrial applications.

- All OSB structural panels and underlayment
- Structural, sanded and industrial plywood rated sheathing
- Concrete form plywood
- Medium Density Fiberboard (MDF)/ High Density Fiberboard (HDF)/Particleboard
- Quality imported plywood including Meranti, Birch, Okoume and Sande
- Extensive selection of domestic and imported hardwood plywood with a variety of core and veneer face options
- Products certified by APA, TECO, PSI and Timber Products

LUMBER & BOARDS

We distribute hardwood and softwood lumber, boards, beams and timbers of all species both domestically and overseas. Look to us to provide dimension, random width or custom milled options in the grades and species that meet your specific needs.

Hardwood Products

- All North American species like Red Oak, White Oak, White Ash, Poplar, Cherry, Maple and Walnut
- Exotic imported lumber sourced from the best growing areas
- Green-on-lathe lumber
- High-grade flitches offered in several specie options

Softwood Products

- All species, sizes, grades for residential, commercial and industrial use
- Specializing in 1" boards
- Options for green or dry, rough or surfaced
- Factory or shop grade for windows, doors, cabinets, moulding, trim or other specialty products
- Standard or custom milling
- High-grade options for special applications—architectural features, furniture, specialty home building
- Dimension lumber, studs and MSR

MOULDING, MILLWORK & CUTSTOCK

Our product line includes mouldings, cutstock, blocks, blanks, millwork, clears, timbers, joists and planks, siding, decking, scaffold plank and various hard-to-find items from areas including the U.S., Canada, South America, New Zealand and Russia.

- Partial truckloads, carloads, and multiple truckload volumes
- For both interior and exterior applications
- Options for traditional or contemporary uses
- Number of profile options
- Primed or unprimed

FLOORING

Whether you are looking for domestic or international solid, engineered or laminate hardwood flooring, count on Bridgewell Resources to deliver exact specifications and high quality products.

- Solid, engineered and laminate to your specifications for species, grades, color, size, strength and finish
- Full range of domestic species from Ash to Walnut
- Import species from Australia, Brazil and Malaysia, including Brazilian Cherry, Brazilian Chestnut, Tigerwood and more
- Economical options with guaranteed durability
- Custom milling and packaging options including bar coding or custom packaging

Global reach. Personal touch.

Headquartered in Tigard, Oregon, Bridgewell Resources is a global wholesale distributor and trader serving retailers, manufacturers and other customers. Whatever your need, we span the gap with one-stop shopping for a wide range of value-added products in food & agriculture, utility & construction and wood products.
