

A uniquely natural mineral product mined in central Utah, USA. For more than 70 years, crop producers have used AZOMITE® to support plant growth and vitality.

BEAUTIFY YOUR LANDSCAPE WITH AZOMITE®

- Use rate is 3 lbs/1,000ft².*
- Available in Granulated, Micronized, Field Grade, Pelleted and Ultrafine.
- Can be used alone or blended with other fertilizers any time of year.
- May increase root growth and enhance color.
- Can help increase nutrient uptake in plants.

*Actual use rate may vary depending on soil tests, agronomic conditions, etc.

- AZOMITE® is Organic Materials Review Institute (OMRI) listed for use in certified organic production.
- Contains minerals that may improve a plant's natural ability to handle stress, while increasing capacity to withstand drought and temperature fluctuations.
